Dry Cleaning Discovered by Accident . . .

A Frenchman named Judlin happened to drop a piece of wool fabric into a dish of benzine. To his delight he found that instead of soiling the cloth it cleansed it without harming either the color or the cloth. That was the start of "French Dry Cleaning." That was way back in 1866. Today French Dry Cleaning has been succeeded by American Dry Cleaning—a method which not only removes dirt and grime, but stains and spots as well. And the garments are returned to the owner as fresh, clean and odorless as they were when new.

That's the kind of service you get when you take your

Slopes At Iron Mountain Reported In Good Condition

The snow conditions on Iron Mountain downhill and slalom slopes are very satisfactory it was reported to Leonard C. Ward, Escanaba ski club president yesterday. Several hundred skilers enjoyed the thrilling runs yesterday afternoon and report the snow as hard and fast but not wet. Mr Ward said last night that he had made several calls personally to Iron Mountain during the day and the skiing there is perfect.

This is good news to the Escaported due to the ski-area being on the north slope away from the high over Pine mountain's big hump. winter sun and is cooled by a prevailing north wind. Snow conditions are expected to continue good or to show improvement with predicted low temperatures today.

Reservations for the special Italian style dinner for Escanaba ski party are filled but a large number of persons can be accommodated on the special ski busses leaving the Escanaba Greyhound bus station at 615 Ludington and take along their skis.

In Memoriam

A ray of sunshine
Has gone from my home.
And a place is vacant today.
And the little girl
That I loved so well
Seems so very far away.
But I'm trying to live
Just day by day,
Trusting the Father for light,
Knowing that some day
She'll be with me again,
In the Home in the City of Light.

Sadly missed by her father, DANIEL CHENIER.

In loving memory of our dear son and brother, Pfc. George Clinton Jen-sen, who was killed in action in Ger-many one year ago today, March 3,

He little thought when leaving home
He would return no more,
That he in death so soon would sleep
And leave us here to mourn.
We do not know what pain he bore,
We did not see him die.
We only know he passed away
And could not say good-bye.

Sadly missed by his father, sister and brothers,

GEORGE JENSEN. MRS. EMIL JARDIS, ROBERT AND LOUIS JENSEN.

In loving memory of our dear son and brother, Pfc. Ernest Schramm, who passed away one year ago today, March 3, 1945.

A slip of yellow paper.
An envelope edged in black.
Three words, "War department regrets"
Meant you would never come back.
The Ernest, how we miss you,
Miss you more each day;
If we could just be near you,
To linger at your grave.
Some say time heals an aching heart,
But no, it is not true,
For one long year has passed
And our hearts still ache for you.

Sadly missed by MR. AND MRS. ELI SCHRAMM AND RANDOLPH.

THE ROAD COMMISSION

We often times refer to some-thing vastly extreme, as having gone the limit. Ordinarily, be it as an individual, group, or otherwise, when such is the case, precaution ary measures are taken to safeguard all concerned.

To what extremes are we to permit the Delta County Road Commission to go? Is it not evident, that action is warranted? I had occasion to be present at a supervisors' meeting, during which time, issues were aired, regarding a dispute which created a work stoppage of the commission's employees. After several employees gave testimony as to a series of happenings, while employed at the commission, I could not resist the urge to request to be heard, and did at that time suggest that the supervisors dispense with the services of the entire clique. I believe, any fair minded person, under the circumstances, would have agreed that such action was in order. However, it is common knowledge that this action was not taken, consequently, the commission returned to their domain and again

Yes, again there has been a series of happenings. The latest I note, is the commission's refusal to permit Vets to establish seniority. I have been reliably informed, that one aggrieved Vet pleaded his case with the chairman of the Board of Supervisors. An investigation was promised. A couple of months have now lapsed, and he is still waiting.

Sometimes, I wonder does the Delta County Board of Supervisors lack the authority, intelligence, or whatever it takes to remove these road commissioners from office.

It brings to mind that some months ago the supervisors were petitioned to act in accordance to their authority and revise the present method of filling the offices of the road commissioners. Now being an appointed office, one would assume the commission would be responsible to the county board. Inasmuch, that nothing has been done, it appears very much in reverse order.

Most certainly, the county board should give some accounting to the people. Let's have some action! 1208 So. 7th. Ave. Escanaba, Mich.
